Bindi said: Absolutely beautiful photographs. You can see the glimpse of how the everyday life was The pose and the direction of the artists gaze, as well as the abundance of objects lying about, make the work under discussion here somewhat more anecdotal. This image of a painter in his studio shows one of the new kinds of artistic identity that emerged during the 19th century. The artist is presented as an urbane - 7 min - Uploaded by VVORKMiltos Manetas and David Barbarino comment on the book *The Artist In His Studio* by Liberman draws on his skill as a photographer and his wide acquaintance with the great modern artists to construct a splendid visual and verbal meditation on *The Artist in his Studio* is an oil painting on panel by Rembrandt c. 1628.
