

Takumaru Forex Trading: Takumaru Sakakibara placed second in the 2014 World Cup Championship of Forex Trading® with a 122.6% Net Return - What trading tools did he use & how?

This book contains an interview in Chapter 1 with Takumaru Sakakibara, who finished in 2nd place in the 2014 World Cup Championship of Forex Trading with a 122.6% net profit. Takumarus largest drawdown (cumulative peak-to-valley percentage decline in month-end net equity during the life of the account) was -21.5% from 6-30-15 to 10-31-15. Please remember that past performance is not necessarily indicative of future results. Please remember that Forex trading involves substantial risk of loss, and past performance is not necessarily indicative of future results. In the rest of the book I will explain to you some of the trading ideas Takumaru said he used in the championship. You can then actually see and understand how his ideas work. I am not going to tell you exactly how Takumaru used the ideas to make his return of 122.6% on a \$10,000 investment. That information is not public and belongs only to Takumaru. I will tell you which indicators he used and help you understand how these indicators work.
