

# Whos Counting? A Lean Accounting Business Novel

Whos Counting?, by Jerrold M. Solomon, is a business novel that, for the first time, explains how accounting and manufacturing personnel must develop a partnership to successfully achieve world class results. This novel takes readers on a successful Lean Journey, and illustrates how to bring accounting practices into the 21st century in order to compete in today's global market. A must read for all those interested in successfully implementing lean accounting! Jerry Solomon and Rosemary Fullertons latest book, Accounting for World Class Operations: A Practical Guide for Providing Information in Support of the Lean Enterprise is an excellent follow-up book to Whos Counting?. The authors provide a roadmap for moving from a traditional standard cost system to a simple accounting system that provides appropriate information for a Lean Manufacturing Environment.
